Your proposal will be reviewed in a blind process. For the following questions, please exclude unique identifying information (e.g. use "Our Company" instead of "Acme Rope Access").

Please provide a brief, but descriptive, title for the research project:

What is the objective of the research?

How is the research relevant to rope access and how will the findings benefit the rope access community?

Please describe the methods that will be used to conduct the research:

How are you (or your company) qualified to conduct this research?
